### MODULAR POLE

This Pole is made with TATA GI Sheet with AMADA TURRET PUNCH Machine. Many hole in this pole for easy fitment and adjustment with nut bolts.

### RAFTER AND PERLINGS

Both Products are made by TURRET PUNCH MACHINE and CNC Bending for accurate fitment. Rafter made in 3mm thickness and Perling is made 1.5 to 2mm thickness.

No of Holes of Rafter at both end and Perling too no drill used for fitment.

### PANEL STRUCTURE

At the time of fitting we matched hole to hole fitment in Rafter and Perling so that already all structure in 90° angle automatically. We use jointer for Rafter and Perling also.

Rafter Jointer

Perling Jointer
